BANISH SCROFULA

Hood's Sarsaparilla Cleanses the Blood, Skin Troubles Vanish.

Scrofula eruptions on the face and body are both annoying and disfiguring. Many a complexion would be perfect if they were not present.

This disease shows itself in other ways, as blemishes in the neck, inflamed eyelids, sore ears, wasting of the muscles, a form of dyspepsia, and general debility.

Ask your druggist for Hood's Sarsaparilla. This great medicine completely eradicates scrofula. It purifies and enriches the blood, removes humors, and builds up the whole system. It embodies the careful training, experience, and skill of Mr. Hood, a pharmacist for fifty years, in his quality and power to cure.

Scrofula is either inherited or acquired. After he sure you are quite free from it, get Hood's Sarsaparilla and keep taking it today. (Adv.)

McKillip, was elected representative to attend the grand lodge of Elks to be held at Baltimore, Md., from July 19 to 25, and Past Exalted Ruler Thomas W. Gurney was elected alternate.

LAST MEETING OF BOARD

Aldermen Consider New and Extending Plumbing Ordinance.

Many Electric Signs for Church Street in Contemplation—All-Time Health Officer at Salary of Not Less Than \$1,500.

The principal business to come before last evening's meeting of the board of aldermen, which was the last meeting of the present board, was the introduction of a new city ordinance in regard to the installation and inspection of plumbing.

The ordinance covers many important details and will tend to effect the installation of proper plumbing. Notice of the appointment of Mr. J. J. Jones as health officer of Burlington was also received from the board of health commissioners of the city. There was an abundance of routine business to come before the meeting.

A communication was received from C. D. Stockwell, chief of the fire department, asking that the firemen of the city be given the right to ride upon the street cars free of charge in going to and from their homes for their meals. In times gone by this privilege has been refused by the officials of the traction company on the grounds that if the firemen were allowed to ride, which privileges the police of Burlington now enjoy, it would lead down the line so that all employees of the city would expect to ride. It was the vote of the board that the petition be left to the committee of the board now at work on street railway affairs.

Resident Jack Reed the papers which have been served on the city through the persons of the mayor, city attorney and the president of the city and which he is to do with the matter of the street one of the city's streets. The case is an appeal from the street commissioners' decision.

A petition was received from the New England Telephone and Telegraph company to place poles with wires on Standard street, which extends from North street to Appleton point. A resolution covering the same matter, which gave the company such right, was adopted.

ELECTRIC SIGNS. Burlington's streets will be lighted by some very attractive electric signs if progress continues along present lines. Licenses were granted last night for two signs which will be erected, subject to the rules and regulations of the city ordinance, and one of these, that of the Standard Telephone and Telegraph company, will be the most pretentious yet undertaken in this city. It will be a 25-foot six-inch-tall and seven feet wide at its widest point. It is an electric flash sign on both sides and will contain the firm name at the top with the words "Targets, Furniture, Lenses" on the wide space at the bottom. A lightning flash will intermittently pass the entire length, on the same principle as the sign in front of the Strand theatre on New York's great white way. The other three are to be placed in front of J. W. O'Sullivan's drugstore, the Cadillac garage and the Y. M. C. A. All are electric and will be erected by the Federal sign system (electric) of Boston, whose representative, J. A. Foster, appeared before the board last evening with plans and information. A communication was also received from the United Charge Store company asking for information as to the erection of a sign in front of their store on Church street. They sent a blue print, which was not approved by the board, and it was voted that a communication be sent the company stating that they would be given a plaque to erect an electric sign approved by the board.

It was voted to allow a part of the sidewalk in front of the Standard Cash store to be used as a place to put building material while results are being made in that store.

A communication, signed by 21 house-holders of the city, which asked for permission to erect a telephone booth at the corner of Main and St. Paul streets for their own use was received and referred to the public commissioners to report back to the aldermen, as it is the desire of the house-holders to erect it on the park corner, around which they stand. It will be three by four feet and six feet high.

A communication was received from Jessie P. and Bertha M. Taylor, asking that sewer assessments against their property on Lodge road be abated. The property in question does not abate the sewerage in front of the house, which is the new road.

On the table until the next meeting, when the street commissioners will be asked to
